

# International Workshop on Data Science for Industry 4.0 (DSI4)

in conjunction with EDBT/ICDT 2019

- Call for Papers -

November 26, 2018

## Main Goals of the Workshop

The workshop (<http://www.dbis.rwth-aachen.de/DSI4/>) aims at bringing together researchers from different domains of Internet of Things, Industry 4.0, Cyber-Physical Systems, and similar concepts, and discuss the challenges for data science in industrial settings. The workshop will provide a forum for the presentation of recent research results, work-in-progress reports, vision papers, a panel discussion, and an attractive keynote speaker.

## Submission Guidelines

DSI4 welcomes the full paper submission of original and previously unpublished research. All submissions will be peer-reviewed and, once accepted, they will be included in the workshop proceedings.

- Full papers can be up to 8 pages in length including all figures, tables, and references and should be submitted as a PDF according to the EDBT format. The template can be found at: [http://edbticdt2019.inesc-id.pt/?EDBT\\_CFP](http://edbticdt2019.inesc-id.pt/?EDBT_CFP).
- We also encourage the submission of short papers (up to 4 pages) reporting work in progress.
- Full-length papers are accepted through the online submission system of the workshop. Submissions in PDF are to be uploaded to the workshop's EasyChair submission site: <https://easychair.org/conferences/?conf=dsi4>.

## Important Dates

**December 20, 2018:** Submission deadline for full research papers

**January 21, 2019:** Notification of authors

**January 29, 2019:** Camera-ready version of accepted papers

**March 26, 2019:** Workshop
